

If your local business has a website, you can have a link from our Business Section for \$200/year. If your business does not yet have a website, for as low as \$500 you could have a simple business webpage set up, boldly listed and displayed at our Florida Sigmas website [for an entire year!](#) - Compare our fees with a full page Yellow Pages Listing Ad, or even with a full page PENNSAVER Ad for a single week! You can't beat it.

This site will touch Members of Phi Beta Sigma from Florida to DC. This site was developed as a hub for information and connecting with brothers near and far. Florida is part of the Southern Region which is the largest region in the fraternity.
